

# NCLL Score Keeping Clinic Switching to GameChanger

Niles-Centerville Little League  
Head Score Keeper - Alex Perez  
February 24, 2025

# Why is NCLL switching from paper and pencil to digital score keeping

- ▶ GameChanger (GC) is the official scorekeeping, pitch count and stats technology partner of Little League
- ▶ GameChanger offers many awesome tools. NCLL is only requiring the scorekeeping and pitch count functions to be used. But teams are free to explore its many features!
- ▶ Team scorekeepers will still need supplemental forms associated with pitching (i.e. the “red binder”).
- ▶ Both teams must have a dedicated scorekeeper for a given game. Teams will forward the PDF book generated at the conclusion of a game to the league.

# Checklist of items before you start scorekeeping your game

- ▶ Fully charged phone/tablet (external power source/power bank is HIGHLY recommended!)
- ▶ The “red binder” with pitching log (extra copies towards back of binder), pitching record (aka - affidavit) and a pen (pitching logs must be written in pen).
- ▶ If live streaming your game, GC HIGHLY recommends using a different device than the one being used to scorekeep (external power source/power bank is HIGHLY recommended).
- ▶ Recommend downloading and printing the GC scorekeeping cheat sheet (linked in chat) which can be placed at the front of your red binder.

## A few more housekeeping items

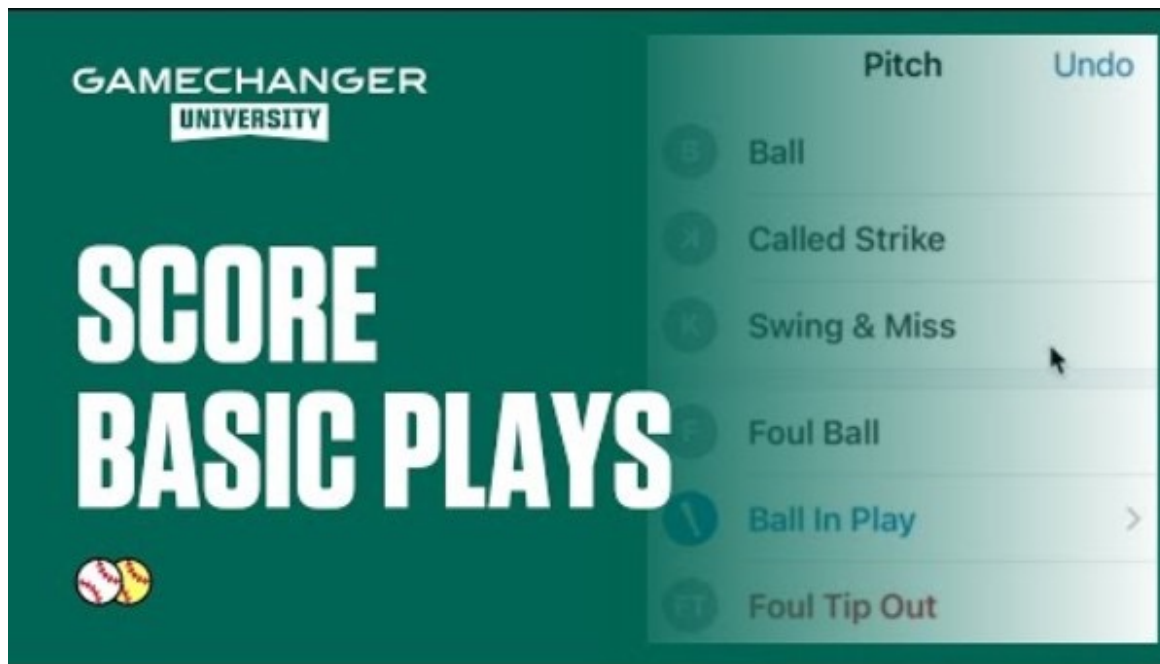

- ▶ Teams have already been setup in GC (managers should have received email) with manager and players (roster names and jersey numbers)
- ▶ Managers must create an account on GC (free) and fill out their “staff”. Dedicated Scorekeepers & Videographers positions (no longer counts against staff limit).  
Note: 1 “staff” position must be used for the ”NCLL Scorekeeping” account.
- ▶ Managers or their Scorekeepers must create their league games on GC
- ▶ HIGHLY recommend you play with the ‘Practice Scorekeeping’ feature on the app. Will show where you can access this neat feature later in the presentation.
- ▶ If you haven’t already, download GC and create account. It’s free.

# Resources

- ▶ GC content hub - great videos and articles on all GC features
  - ▶ <https://gc.com/content-hub>
- ▶ GC University - great how-to video tutorials
  - ▶ <https://gc.com/gcu/main>

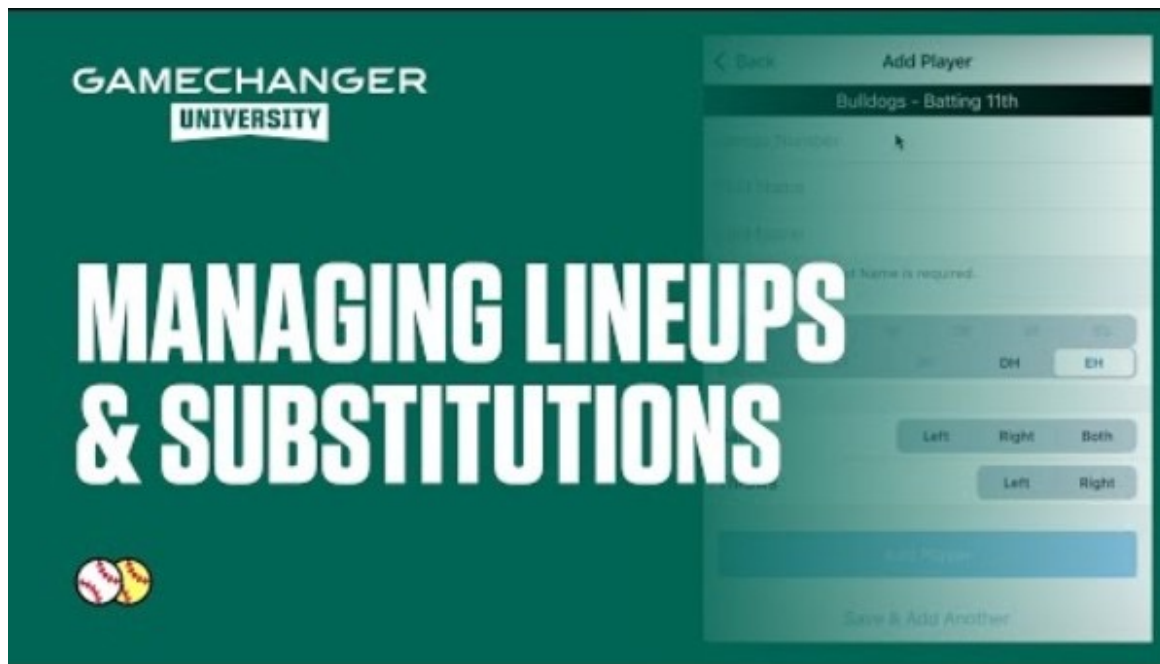

Let's practice scoring a game!  
Scoring basic plays

Let's take a quick look at the GC UI

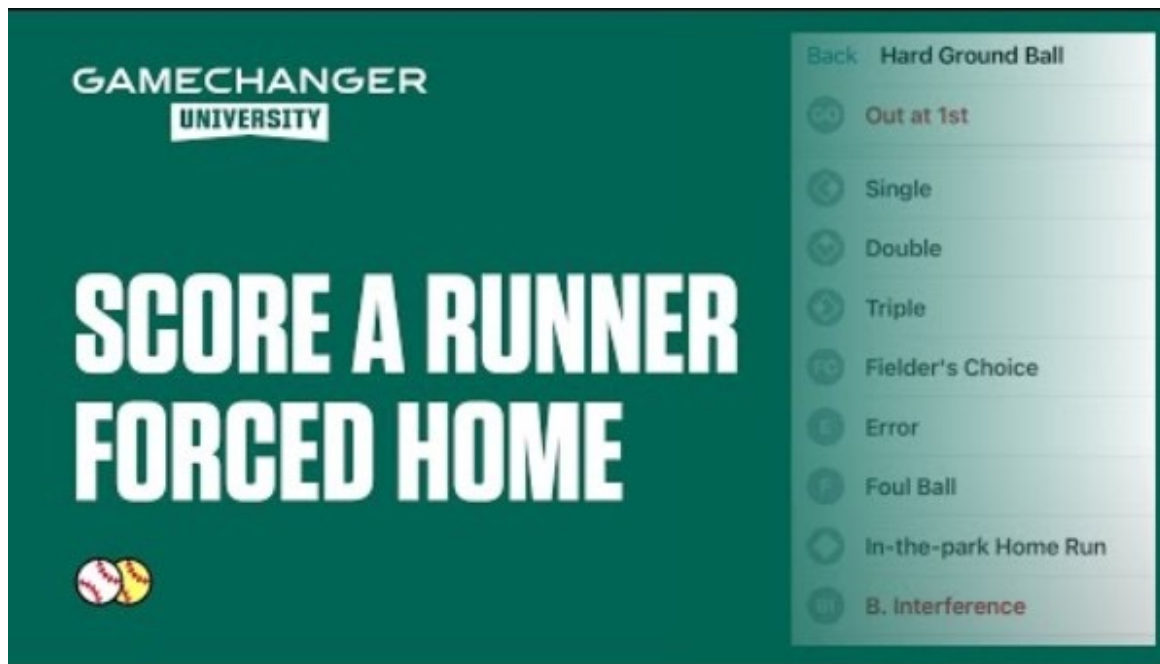

# Managing lineups & substitutions

## Scoring specific plays

## Scoring specific plays

# What game specific scenarios do you want to review?

- ▶ Use zoom's raise hand feature
- ▶ Unmute when I call on you and ask your question
- ▶ Let's all explore together

Thank You All!!  
Let's have an AMAZING season!!!
